

Pre-Primary Curriculum

At GD Goenka Public School, Unnao, our Pre-Primary curriculum is thoughtfully designed to provide a joyful, nurturing, and stimulating environment where young learners take their first steps into the world of education. We focus on creating a “home away from home” where children feel safe, happy, and confident.

Our Early Learning Approach

Play-Based Learning

We follow a play-way and activity-based approach that makes learning fun, engaging, and meaningful for young minds.

Experiential & Activity-Oriented Learning

Children learn through hands-on activities, storytelling, role play, art, and interactive sessions, helping them understand concepts naturally.

Holistic Development

The curriculum focuses on overall growth including:

- Cognitive & language development
- Social & emotional skills
- Physical (fine & gross motor skills)
- Creative and aesthetic expression

Skill-Based Foundation

Special emphasis is laid on developing early literacy, numeracy, communication, and thinking skills through fun activities and guided learning.

Integrated Activities

Art, music, dance, games, and celebrations are an integral part of daily learning to build confidence and creativity.

Interactive Learning Environment

Teachers use modern teaching aids like flashcards, puppets, pictures, and digital tools to make learning engaging and interactive.

Continuous Observation & Assessment

Children are assessed through participation, activities, and regular observation to ensure steady growth and development.

Our trained educators ensure personalized attention, helping each child learn at their own pace. We focus on developing communication skills, social interaction, creativity, and emotional well-being—laying a strong foundation for future academic success.
