HELLO SUMMER

Dear Parents,

Greetings from GDGPS, Unnao

As parents, it is important to invest your time with children now. To cherish these moments, here is a list of suggested activities, which you can enjoy with your children.

- Plan family outings and activities, such as picnics, trips to the park.
- Encourage your child to read books, explore new hobbies, or learn a new skill.
- Set up a routine that balances fun activities with some learning and productivity.
- Limit screen time and encourage outdoor play or creative pursuits.
- Involve your child in household chores or cooking to teach responsibility and life skills.
- Spend Quality Time: share meals, go for walks, play games, or talk together each day.
- Be a Role Model: Children learn by example—show good habits, kindness, and balance.

Dear Students,

Summer break is a wonderful opportunity to relax, recharge, and refocus. It's time to:

- Unwind and take a break from academics
- Explore new interests and passions
- Learn new skills and expand your knowledge
- Spend quality time with family and friends

To make the most of your summer break, we've prepared a set of engaging activities and worksheets that will keep you productively occupied. These activities will help you stay connected to learning, explore new concepts, and have fun while doing so.

POINTS TO NOTE:

- All the sheets should be well labeled.
- The work should be neatly done under the supervision of parents.
- The work in different subjects should be handed over to the concerned subject teacher latest by **13th July, 2025.**
- Revise the syllabus of Cyclic Test-1.
