Summer Holiday Homework

CLASS – IV

Dear Parents,

Greetings from GDGPS, Unnao

Summer break is a special time to slow down and spend meaningful moments with your children. At this age, your time, attention, and encouragement can deeply shape their confidence and curiosity. To help you make the most of this time, here are some suggested activities you can enjoy with your child:

- Start a weekly tradition—like storytelling, cooking, or doing puzzles together.
- Encourage creative hobbies like drawing, singing, dancing, or playing an instrument.
- Let your child care for a small plant—watching it grow can be a joyful experience.
- Visit a museum or watch educational documentaries as a family.
- Praise your child's efforts, no matter how small—they grow with your appreciation!

Dear Students,

It's holiday time! Your summer break is the perfect chance to **relax, explore, and learn in fun ways**. Here are some ideas to help you grow and stay active during vacation:

1. Try helping in the kitchen and learn simple cooking steps.
2. Keep your room neat and organized—it's your personal space!
3. Read storybooks and let your imagination take you to new places.
4. Care for a plant—water it, observe it, and talk to it!
5. Learn the basics of cyber safety to stay smart and safe online.

To keep you engaged and excited about learning, your teachers have prepared interesting worksheets and activities. They are designed to make your break fun, creative, and meaningful.

Points to Remember:

1. All holiday homework should be neatly done and properly labelled.
2. The work should be completed under the guidance of parents.
3. Submit the completed homework to the subject teachers **by 13th July, 2025**.
4. Revise your UT 1 syllabus and find the copy of syllabus attached at the last page of the document.

Summer Holiday Homework
